## **DETAILED ACTION**

### ***Terminal Disclaimer***

1. The terminal disclaimer filed on March 2, 2009 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US Patent 7,140,412 and US Application 10/563,673 has been reviewed and is accepted. The terminal disclaimer has been recorded.

### ***Allowable Subject Matter***

2. Claims 9-16 (renumbered 1-8) are allowed. The following is an examiner's statement of reasons for allowance: the general manufacture of pneumatic tire constructions including sound absorbing members mounted within the tire cavity is known in the tire industry, as shown for example by Suzuki (JP '712). The prior art references, however, failed to suggest, disclose, or teach the specific assembly required by the claimed invention, including first and second sound absorbing layers having different mechanical properties and/or sound absorbing properties.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to **Justin R. Fischer** whose telephone number is **(571) 272-1215**. The examiner can normally be reached on M-F (7:30-4:00).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Richard Crispino can be reached on (571) 272-1226. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
